

ASSIGNMENT ON FUNDAMENTALS OF NURSING

- 1 what motivated me to join the nursing profession is the way nurses took care of my father when he was sick. The way they attended to him, showing love and care in administering his medication moved me to want to become a nurse.
- 2 Yes I will still choose to become a nurse if I were to choose a career today.
- 3 My values as a person are love ,selflessness, integrity, honesty, compassion and right action
- 4 In the next five years I want to have a master in public health .I want to be a health expert.
- 5 By having my degree this year and in the next two years be able to do my masters program.
